UNIVERSITY OF CALIFORNIA, RIVERSIDE, SCHOOL OF BUSINESS

Riverside, CA

Master of Science in Business Analytics

Sep 2025 – Dec 2026

- GPA: 4.0/4.0 (Current) | Merit Scholarship Recipient
- Projects (using R): Predictive modeling (logistic regression), large-scale data cleaning

UNIVERSITY OF ECONOMICS HO CHI MINH CITY, COLLEGE OF BUSINESS

Ho Chi Minh City, Vietnam

Bachelor of Finance & Banking

Sep 2019 – Dec 2022

- GPA: 3.77/4.00 | Outstanding Academic & Extracurricular Excellence Scholarship

EXPERIENCE

STANDARD CHARTERED BANK

Ho Chi Minh City, Vietnam

Product Specialist, Priority Banking

Mar 2025 – Aug 2025

- Co-owned the end-to-end renewal of a loyalty program serving 400+ customers, leading execution from planning through rollout while coordinating business, operations, and external partners.
- Conducted competitive analysis across 5+ banks to evaluate engagement models, benefit structures, and usage patterns, informing data-driven redesign of the loyalty program.
- Partnered with external vendors to launch a new mobile app and internal tracking platform; analyzed customer and transaction data in Excel to monitor KPIs and deliver recurring performance insights to senior stakeholders.
- Updated SOPs, training materials, and automated Excel-based reporting frameworks to standardize workflows, reduce manual effort, and support scalable operations, contributing to a 30% increase in customer engagement.

Management Trainee

Sep 2023 – Feb 2025

- Collaborated with Product, IT, Operations, Risk, and Compliance teams on digital feature rollouts in a matrix, regulated environment, supporting coordination across technical and business stakeholders globally.
- Defined detailed business requirements, documented end-to-end workflows, and created 100+ test cases to support the launch of biometric authentication features.
- Monitored post-launch performance metrics and coordinated issue resolution across teams, contributing to 90% adoption of the biometric feature within one month of release.

SHOPEE & FACEBOOK MARKETPLACE

Ho Chi Minh City, Vietnam

E-commerce Operations Coordinator (Product & Content Research)

2020 – 2021

- Researched high-potential products and content trends using competitor analysis and marketplace demand signals.
- Analyzed performance metrics (traffic, conversion, sales velocity) to recommend merchandising and content strategies, supporting promotional execution aligned with platform algorithms and customer behavior.

E-commerce Seller (Affiliate & Store Owner)

2017 – 2018

- Operated affiliate-driven online storefronts, managing product selection, pricing strategies, and customer acquisition.
- Optimized product listings and affiliate content using SEO and platform best practices to improve search visibility, drive traffic, and increase conversion rates.
- Analyzed sales and conversion metrics to refine product mix and promotional strategies, scaling weekly revenue from approximately \$40 to over \$150 through iterative optimization.
